

## Tamil Nadu – Component A

State Implementing Agency (TANGEDCO) invites Bids from interested applicants (bidder) and the tender will be floated with an upper ceiling limit.

For applications, Bidder shall apply on the **website** <https://tntenders.gov.in/nicgep/app>

**to submit online application and proofs of EMD and processing/ tender fee**

**Bidder to submit all the documents in original as well**

- a) Proof of farmer
- b) Land details
- c) Lease agreement between farmer and developer, in case farmer is leasing land to developer for solar project
- d) Documents of Networth, in case of developer
- e) Proof of EMD
- f) Proof of Processing fees

SIA will first perform the **preliminary bid** opening for processing fee/tender fee and EMDMD

For qualified bidders in prelim bid, **technical Bid** submitted online & in physical mode will be evaluated  
opened

**Financial offers** of technically qualified bidders will be evaluated. Price bids of qualified bidders alone will be evaluated.

The price bids of the short listed eligible bidders will be opened and ranking will be based on the ascending order of the rates quoted by the bidders. The eligible bidders shall be allotted to the nearest substation until the sustained peak demand of the proposed capacity of the bidders is equal to the respective feeder/substation on the basis of bucket filling method until the tendered quantity is reached. However the ranking (L1, L2..) of the tariff will be the main criteria for the bucket filling process.

SIA will issue the Letter of Award (LoA) to successful Bidder
